## Voice Greeting Message on School Open/Close Status

Dear All,

Our school will start a Google Voice Message system which announces the school schedule for the current Saturday. The system is designed to display the short time notices such as school closure due to weather condition.

Please check and have this number handy. Call this number and listen to the greeting message to confirm the school opening status:

**973-7979667**

By default, we will have the Normal Schedule greeting message. In case of Delayed Open, Scheduled Close (like Chinese New Year, Spring Break) or Emergency Close (such as Snow Storm, Power blackout), the greeting message will be changed to pre-set scripts.

If you have any comments, please contact school front desk.

Thank you.

Thank you.
